MEMORANDUM FOR: Executive Officer/DDA

SUBJECT : Revision [REDACTED]

25X1A

REFERENCE : DDA 77-1634 dated 22 March 1977;  
Subject: Proposed Revision of [REDACTED]  
Purchase of Transportation (Job #8081)

25X1A

Bob:

1. [REDACTED] has asked me to comment on the [REDACTED] revision. This was concurred in by the Travel Policy Committee in the time between [REDACTED] leaving and my joining the Committee.

25X1A

2. This really made little difference as either one of us would have concurred in the regulation as it is written. It meets the requirements of the ground rules laid down for all agencies to follow. However, OSO has a problem with the inability to use travel agents. We are preparing a request for exception which I believe you are aware of. This exception will be based on the protection of Sources and Methods criteria that Mr. Blake has indicated would be the only appeal. In addition to this, we further have a problem of excess cost when tickets must be procured from carriers for use by people stationed [REDACTED]. There seems to be no grounds for appeal on a strictly cost basis unless some modifying legislation comes into being.

3. We will attempt to follow the spirit and the letter of the regulation with the exception of making an attempt to obtain relief from it in the specific instance of that major project which we feel needs the protection afforded by the travel agent method. In the meantime we

this may not afford us the full measure of protection  
we have experienced in using travel agents.
